Summary Presentation and  
Mentoring Program

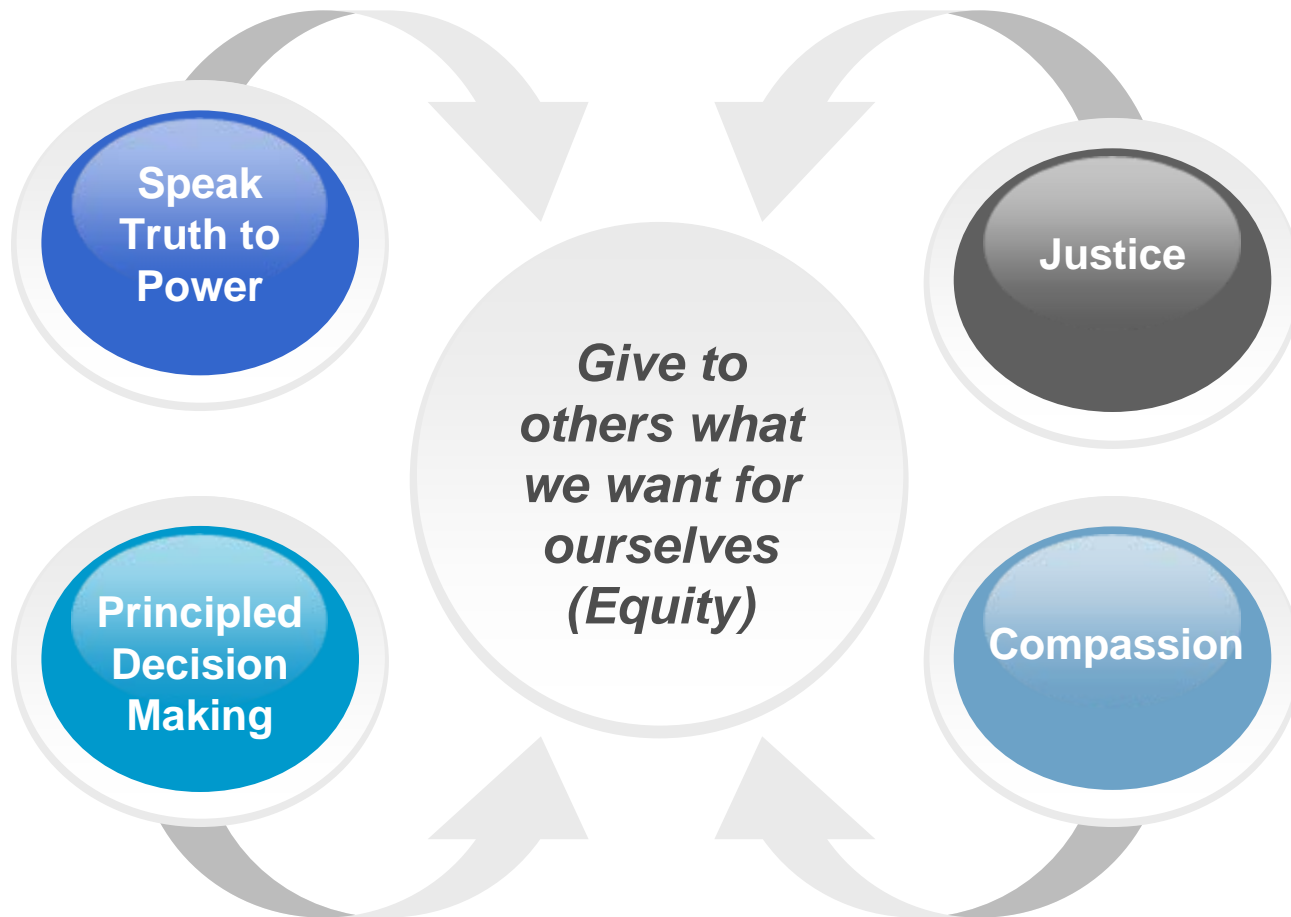

# World Harmony Online

*A Non-Violent and Equitable World  
with  
Access to Education, Health Care  
and Technology  
for All*

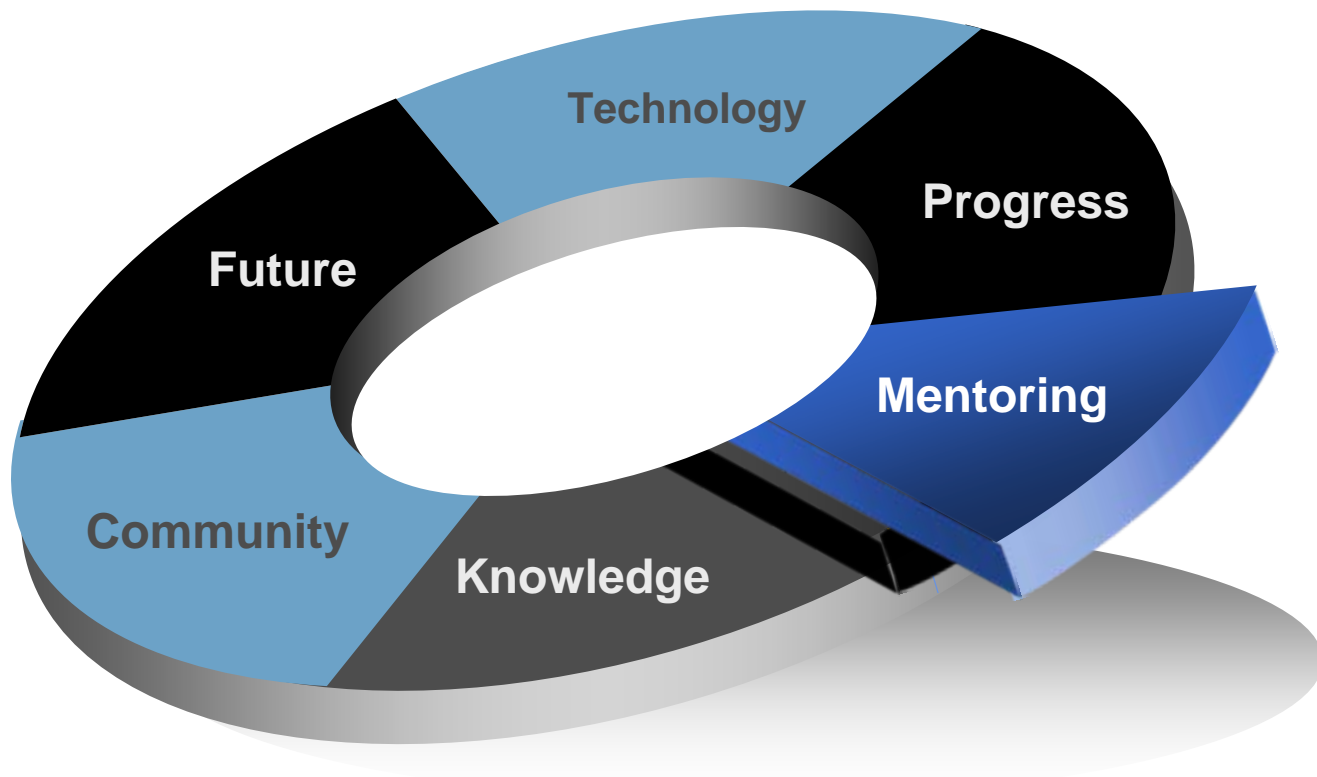

# World Harmony Online Pledge

*We, The Citizens of the World, pledge to do everything we can to create A Non-Violent World with Access to Education, Health Care and Technology for All. We will do so by giving to others what we want for ourselves. In doing so, we pledge to make principle-based decisions, to speak the truth--particularly to power--and to be just and compassionate in all our thoughts and actions.*

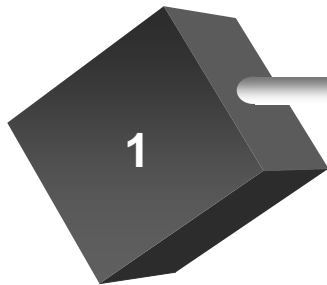

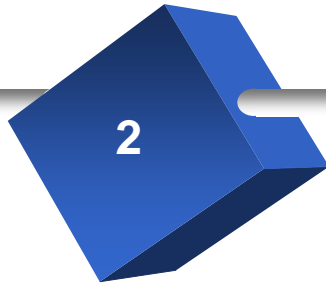

# Mentoring Program

- Traditional Education needs experience based curriculum
- Traditional Education does not focus on Ethics and Values
- Career Counseling is typically very poor
- World Harmony Mentoring Program addresses all these shortcomings
- Professionals who are willing to live the core values outlined in the World Harmony Pledge will be matched with college students that are interested in the Professional's field.
- Matching is done through the World Harmony Mentoring website(s)
- Software tools will be provided to facilitate the starting of these programs in all universities and colleges
- All chapters will be hosted by World Harmony Online.
